

Board Policy

Tobacco-Free Schools

BP 3513.3

Business and Noninstructional Operations

The Governing Board recognizes that the health hazards associated with smoking and the use of tobacco products, including the breathing of second-hand smoke, are inconsistent with its goal to provide a healthy environment for students and staff.

(cf. 3514 - Environmental Safety)
(cf. 4159/4259/4359 - Employee Assistance Programs)
(cf. 5030 - Student Wellness)
(cf. 5131.62 - Tobacco)
(cf. 5141.23 - Asthma Management)
(cf. 6142.8 - Comprehensive Health Education)
(cf. 6143 - Courses of Study)

***Note: Health and Safety Code 104420 mandates districts receiving Tobacco-Use Prevention Education (TUPE) funds to adopt a tobacco-free schools policy that prohibits the use of tobacco anytime, anywhere in district-owned or leased buildings, on district property, and in district vehicles (Option 1 below). Districts must certify compliance with this requirement by submitting a California Department of Education (CDE) certification form and supporting documentation to the county office of education's TUPE coordinator by July 1 in order to apply for TUPE funding for that fiscal year. The certification process also requires submission of the district's written policy and enforcement procedures; see the accompanying administrative regulation for enforcement procedures. ***

The Board prohibits the use of tobacco products at any time in district-owned or leased buildings, on district property, and in district vehicles. (Health and Safety Code 104420; Labor Code 6404.5; 20 USC 6083)

This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

(cf. 1330 - Use of School Facilities)
(cf. 1330.1 - Joint Use Agreements)

***Note: State law does not define "tobacco products" for purposes of the district's tobacco-free schools policy. The CDE's web site recommends that a district's policy define "tobacco products" to prohibit the use of products containing tobacco or nicotine,

including nicotine delivery devices such as electronic cigarettes which provide an inhalable dose of nicotine by delivering a vaporized solution. Health and Safety Code 119405, added by SB 882 (Ch. 312, Statutes of 2010), makes it unlawful for a person to sell or otherwise furnish an electronic cigarette to a minor under age 18. ***

Prohibited products include any product containing tobacco or nicotine, including, but not limited to, cigarettes, cigars, miniature cigars, smokeless tobacco, snuff, chew, clove cigarettes, betel, and nicotine delivery devices such as electronic cigarettes. Exceptions may be made for the use or possession of prescription nicotine products.

Smoking or use of any tobacco-related products and disposal of any tobacco-related waste are prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. (Health and Safety Code 104495)
